

Manage Procurement with the Best Construction Purchase Software

Access Job Material Planning quickly with ProjectPro

- Coordinate materials management across construction jobs
- Gain real-time visibility into material and equipment deliveries
- Streamlined construction processes and workflow

Track Inventory, Manage Purchases, Material Planning, & More

ProjectPro provides Job and Project purchasing capabilities that enable users to purchase directly for jobs. Inventory may also be consumed against jobs for items maintained in your warehouse.

Gain easy access to essential information and KPIs such as:

- ✔ Coordinate material
- ✔ Supplier management
- ✔ Optimize Processes
- ✔ Direct purchase for jobs
- ✔ Category management
- ✔ Job material Scheduling
- ✔ Tracks documents
- ✔ Inventory control
- ✔ Item Serial No. and Lot Tracking

Benefits

Cost Control Without Spreadsheets

Control spending without becoming an approval roadblock. Ensure a portal that enables easy requisition creation and automated workflows for easy approvals.

Get Better Cash Flow Visibility

Get instant cash flow visibility without spending endless hours tracking orders in spreadsheets with a centralized dashboard for tracking purchase and invoice data. Easily track all approved purchases.

Never Struggle To Process Timely Invoices

Process invoices faster without a complicated workflow using a centralized place to capture and process all your supplier invoices. Easily reconcile vendor invoices generated from purchase orders

Reduce Time Spent On Approving Purchase Orders & Invoices By Over 50%

Features

All-in-One Purchasing Platform

ProjectPro offers the ability to purchase material, equipment and subcontractor services for a single job or across multiple projects. This helps reduce the stress on project managers for handling the procurement process.

Automate & Simplify Approvals

Approve purchases from anywhere with just one click saving time for your team and business operations. Eliminate repetitive work, decrease unauthorized expenses and gain real-time insights into your committed job costs.

Real-Time Visibility

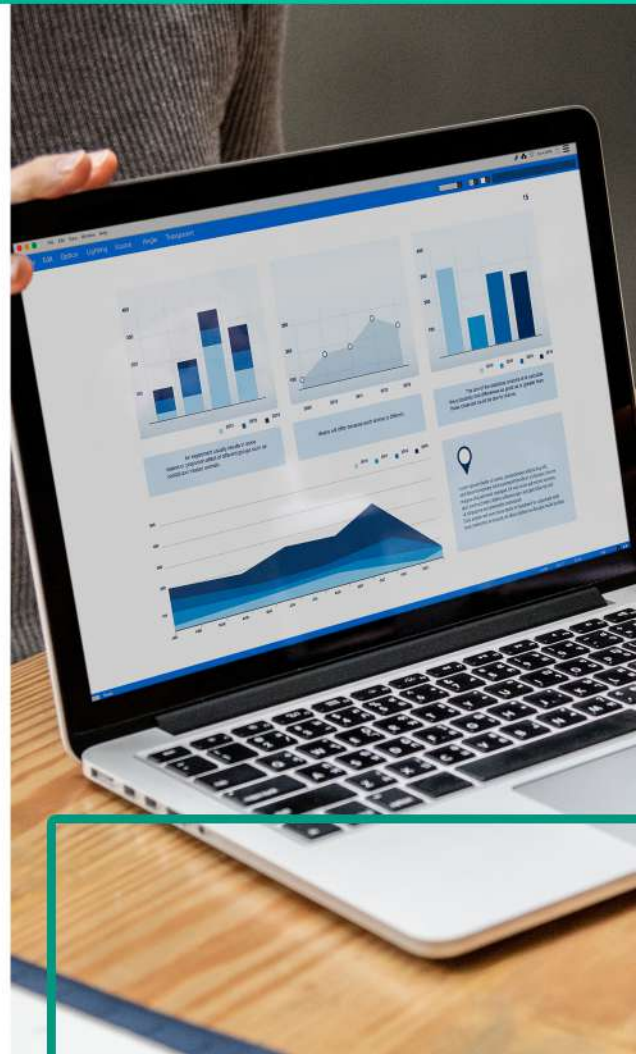

Now you can see budgeted and actual job expenditures by vendors and subcontractors. Set alerts when budgets are exceeded.

Easy Order Tracking

Access to purchase orders by job or by vendors with outstanding committed costs. Your team can concentrate on more strategic tasks. All received items and job deliveries are tracked.

Flexible Reporting & Forecasting

Generate reports from Power BI Dashboards at your convenience and know the status of your material and equipment items on order.
